

MACCALLUM HOUSE

Wine & Spirits List

At MacCallum House we strive to represent the best wines that Mendocino and California have to offer. As much as possible we aim to highlight producers who focus on smaller production, minimal intervention, organic and biodynamic principals, and single vineyard, terroir specific bottlings. Mendocino is still a frontier for wine-making, with some industry giants, but mostly small, family owned and operated vineyards and wineries. Our unique climate allows for a generous growing season, while the proximity to the ocean and higher elevations in the Mendocino Ridge allow for cooler influences to preserve freshness and acidity.

While Chardonnay and Pinot Noir certainly dominate the local production, there is also an exciting array of varietal wines made from Alsatian, Rhone, Italian and Spanish grapes. The majority of the wines listed herein are dry, but don't overlook the small but mighty selection of sweet wines vinified locally as well. The Champagne house *Louis Roederer* put sparkling wine production in Mendocino on the map with *Roederer Estate*, but many more producers have taken up bottling world class bubbles following in their footsteps. Mendocino offers a little bit of everything for everyone.

Our neighbors in Sonoma and Napa counties have some of the most recognizable "modern classics" of California, as well as new generations of winemakers making a name for themselves. These areas are renowned for their Bordeaux varieties alongside Pinot Noir and Chardonnay.

Please let the staff know if you have any questions about any of the wines or spirits and we will be happy to help craft a beverage experience for you.

Cheers!
